

Engagements May

For Prayer

Thank you for your constant prayer support for the Project.

As you will see we have our first It's Your Move lessons for Year 6 pupils starting this month, for those of you unfamiliar with this resource, it is a young person's guide to moving to secondary school. We give the books out free of charge and have over 1,000 copies to give out this year. Please pray as we liaise with the schools we want to share this resource with. If this is something you would like to support and make a specific donation towards, please contact the office.

Please pray for this month's engagements and please also pray for primary children and staff who will be going through KS2 SATS exams during the third week of May.
